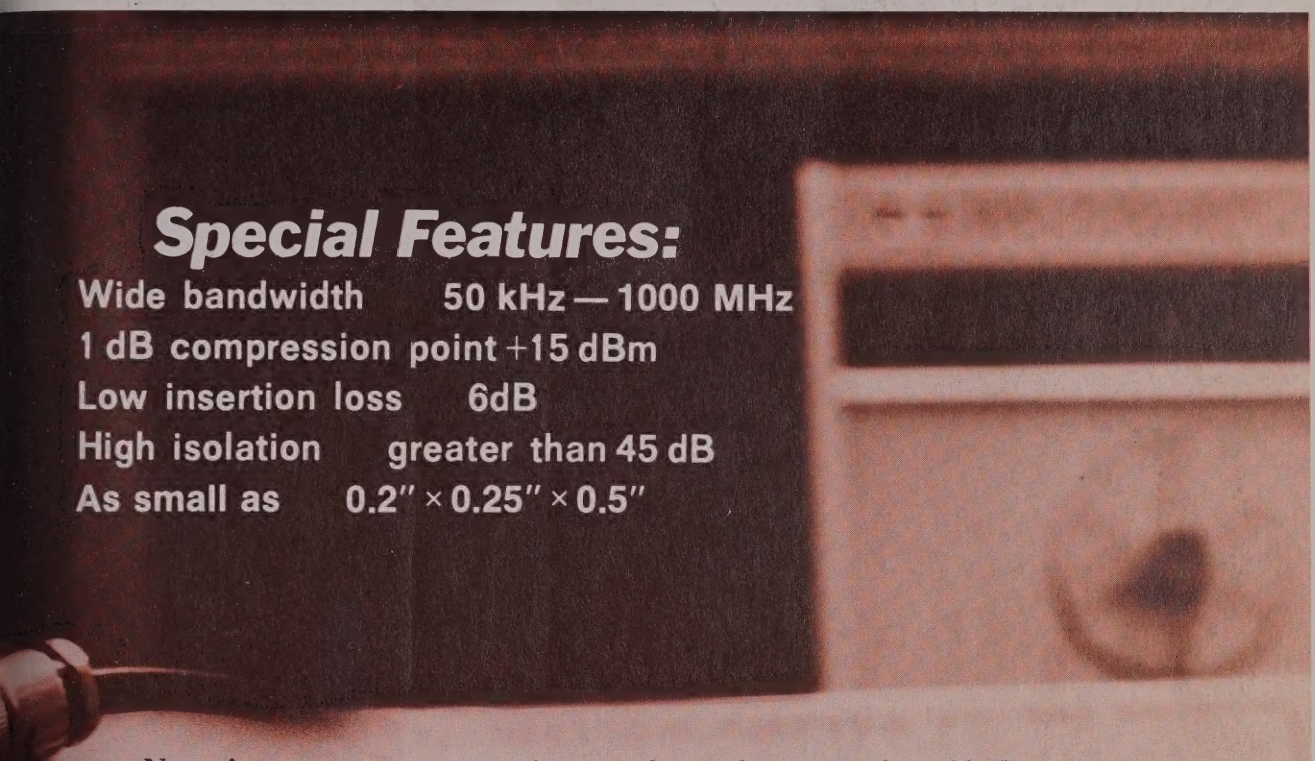
SECTION 3450 PAGES 2890 TO 3058

AT THE UNBELIEVABLE LOW PRICE OF

MIXERS . . . $19.95

TAK-1H
5-24



Special Features:

Wide bandwidth 50 kHz — 1000 MHz
1 dB compression point +15 dBm
Low insertion loss 6dB
High isolation greater than 45 dB
As small as 0.2″ × 0.25″ × 0.5″

Now, improve your system intermod spec by as much as 10 dB guaranteed. . .
when you specify Mini-Circuits newest state-of-the-art ultra-low distortion DOUBLE-BALANCED MIXERS. Each unit is guaranteed to meet a two-tone third-order IM level of 55 dB (below IF output) with 0 dBm input.

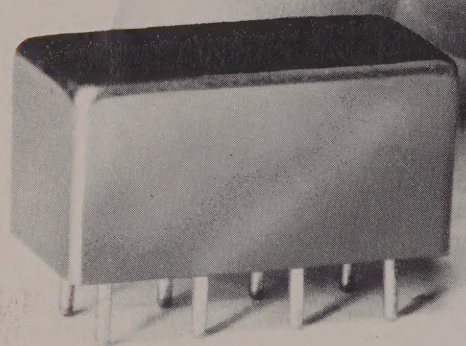
(500 pieces)

$9.95 (1-49)



MODEL SRA-1

***including diodes!**

Yes, a two-year guarantee for hermetically sealed DBM's is now a reality . . . made possible by an accelerated-life diode screening program adopted at Mini-Circuits.

Each Schottky diode used in Mini-Circuits' SRA-1 mixers is now preconditioned by the HTRB (High Temperature Reverse Bias) technique, previously reserved almost exclusively for semiconductors assigned to space applications. With HTRB testing, each diode is operated for 168 hours at 150°C with one volt reverse bias applied.

To screen out "infant mortality", the diodes are deliberately stressed to accelerate aging and to force time-related failure modes to take their toll. In conventional testing or "baking", the diode does not experience anywhere near the stress encountered with the HTRB program. Hence, the ability at Mini-Circuits' to locate the potentially-unreliable diodes before they are assembled into SRA-1 units And, with double-balanced mixers, the overall reliability hinges almost entirely on the diodes used.

Yes, the HTRB procedure costs us more and screens out more devices. But our goal is to improve reliability to a level unmatched for off-the-shelf DBM's at no increase in cost to our customers. You — our customers by your overwhelming confidence in our product line have made us the number one supplier of DBM's in the world.

To earn your continuing support, we are now employing HTRB Hi-Rel testing for every diode used in the SRA-1, at no increase in cost to you. So, for the same low price of $7.95, you can purchase our SRA-1, with a two-year guarantee, including diodes.

To ensure highest system reliability demand highest quality diodes on your source-control drawings and purchase orders. Specify SRA-1 mixers, with HTRB tested diodes from Mini- Circuits'.. where low price now goes hand-in-hand with unmatched quality.

MODEL SRA-1

Freq. range (MHz) **LO** - 0.5-500, **RF** 0.5-500, **IF** dc-500

		Typ.	Max.

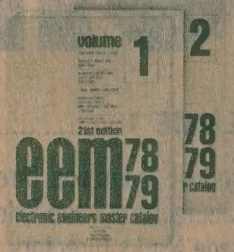
WE HAVE DRAWN UPON THE EXPERIENCE OF HUNDREDS OF ENGINEERS AND PURCHASING AGENTS TO DEVELOP A TIME-SAVING PRODUCT/INFORMATION SYSTEM.

IT INCLUDES THESE MAJOR ELEMENTS:



1 eem /ELECTRONIC ENGINEERS MASTER

A bound catalog file for the complete product data of hundreds of manufacturers. This Catalog is divided into 43 product sections, to simplify and speed the comparison and evaluation of similar products. An industry-wide Product Directory plus a Directory of Manufacturers and Trade Marks place the products and sales offices of 3,000 manufacturers at the fingertips of the user.

2 ELECTRONIC PRODUCTS MAGAZINE

The electronic industry's only major magazine devoted 100% to products, product applications and product selection, keeps engineers and purchasing agents up-to-date on all phases of products.

CIRCULATION POLICY

eem/Electronic Engineers Master and Electronic Products Magazine are distributed at no charge to qualified engineers and purchasing agents, affiliated with North American Manufacturers, research laboratories and government agencies. To qualify for a subscription you must be actively engaged in application, selection, specification, design or procurement of electronic components, materials, equipment and related fabrication services. Official subscription form may be obtained by submitting the following on your company's letterhead: name, title and address. Please include building number or mail station with address. Letters must be signed personally. Group qualification is not acceptable. The cost of eem to nonqualified personnel is $30.00 a copy. The cost of EPM to nonqualified personnel is $15.00 a year.

NOTE:

Prices shown on eem catalog pages are furnished by manufacturers for information only — they are not as quotations. Participating manufacturers reserve the right to change specifications, revise prices or discontinue items without notice.

No coupons, inserts, order blanks, bleed or color accepted in this catalog.

While every precaution has been taken to assure accuracy in content, the publisher cannot be responsible for manufacturers claims and representations; nor can any guarantee be made against the possibility of error or omission.

No portion of this book may be reproduced without express permission of the publisher.

HOW TO USE eem

eem/Electronic Engineers Master is the world's largest single collection of catalog pages from the manufacturers of electronic and electro-mechanical components, systems and equipment.

The catalog pages are divided into 43 product sections for rapid comparison and evaluation of similar products.

1. PRODUCT INDEX AND DIRECTORY

The Product Index begins on **Page 1 of Volume 1.**

To locate a specific product, look in the alphabetical Product Index and Directory. Under each product heading, manufacturers are listed alphabetically. Those manufacturers with product information in the catalog are shown in **bold face** type with page numbers. For catalog information on this product, refer to the page numbers shown. Where a **bold face** listing appears with an asterisk, the product is not cataloged in this edition. Those manufacturers who have submitted data to verify that they do manufacture this product but have no further data in this edition, are shown in light face type.

NOTE:
The letter **"D"** preceding the listing indicates the product is available from distributors. The letter **"M"** preceding the listing indicates the product is available to military specifications.

2. MANUFACTURERS AND SALES OFFICES DIRECTORY

The Manufacturers and Sales Offices Directory begins on **Page 601 of Volume 1.**

To locate a manufacturer by name, refer to the alphabetical Manufacturers and Sales Offices Directory. Each listing contains complete address and phone numbers of main offices, branch offices, local representatives and local distributors.

Bold face listings indicate manufacturers who have catalog pages in this edition. Their page numbers are included.

Plus . . . This important additional information:
Federal Supply Code (FSC) Number
Corporate Logos

3. TRADE MARK DIRECTORY

The Trade Mark Directory begins on **Page 861 of Volume 1.**

Trade marks and the manufacturers holding them are listed alphabetically.

4. ALPHABETICAL INDEX OF MANUFACTURERS' CATALOG PAGES

To locate a particular manufacturer's catalog pages by manufacturer's name, look in the complete alphabetical index which appears at the beginning of **Volumes 1 & 2.**

5. ALPHABETICAL INDEX OF DISTRIBUTORS' PAGES

NEW

To locate a particular distributor's pages by distributor's name, look in the alphabetical index which appears immediately following the Alphabetical Index of Manufacturers' Catalog Pages at the beginning of **Volumes 1 & 2.**

6. MANUFACTURERS' INDEX TO CATALOG PAGES BY eem PRODUCT SECTION NUMBER

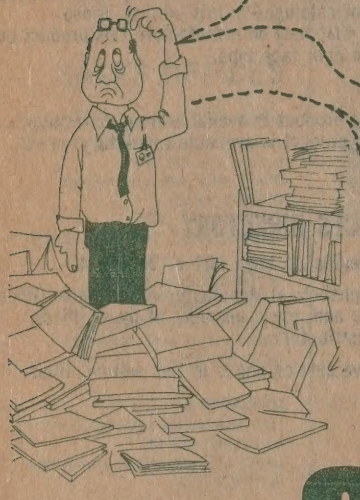
To locate a particular manufacturer's catalog pages by one of the 43 product sections, look them up by section number in the complete index which appears at the beginning of **Volumes 1 & 2.**

7. MANUFACTURERS' CATALOG PAGES

eem/Electronic Engineers Master is the world's largest single collection of catalog pages from the manufacturers of electronic and electro-mechanical components, systems and equipment. The white catalog pages appear in each **eem** product section in alphabetical order, where possible, by manufacturer name. There is a complete guide to each product section appearing at the beginning of **Volumes 1 & 2.**

What can I use to keep all the manufacturers' product data I receive in order?

What system makes filing or retrieving manufacturers' catalogs fast and easy?



Which file system have thousands of engineers purchased because they know it works?

eem FILE SYSTEM

THE ONLY FILE SYSTEM DESIGNED SPECIALLY FOR THE ELECTRONIC ENGINEER!

The publishers of **eem** have put together a unique filing system for electronic product information. The complete system includes: a product index booklet which classifies electronic products into 3,000 listings both alphabetically and by product group, and 45 file folders imprinted with the **eem** product sections (extra gummed labels included for expanding the system.)

As you receive manufacturers' catalog data sheets, technical bulletins, or clip magazine articles, jot down the proper Product Section Numbers from the **eem** PRODUCT-TO-SECTION INDEX. Then simply file in order. When you require information on a specific product, refer to PRODUCT-TO-SECTION INDEX again to locate the correct file folder. It's simple, and you'll always have the necessary data to compare, specify and buy, right at your fingertips.

Here's how to order your eem FILE SYSTEM:

For the complete system send $10 (plus tax; N.Y., 8%, CA, 6½%) in check or money order to:

United Technical Publications, Inc.,
645 Stewart Avenue, Garden City, N.Y. 11530
Att: Circulation dept.

For an **eem FILE SYSTEM** without file folders send $7.50 (plus tax; N.Y. 8%; CA, 6½%).

ALPHABETICAL INDEX OF DISTRIBUTOR ADVERTISEMENTS

Many of the manufacturers who catalog their products in this edition of eem/Electronic Engineers Master offer their products to you through electronic parts distributors. To aid you in locating supplies, the following progressive distributors have placed their advertisements in **eem**.

Distributors' line cards are shown in the white catalog section, pages 1001 through 4666. In addition, distributors emphasizing their ability to supply specific manufacturers' items in depth have placed advertisements near the manufacturers' own listing in the Manufacturers and Sales Offices Directory, pages 601 through 860.

For your convenience, many manufacturers have included listings of their electronic parts distributors immediately following their local sales offices in the Manufacturers' Directory..

BARBEY ELECTRONICS 755, 783, 817, 4000

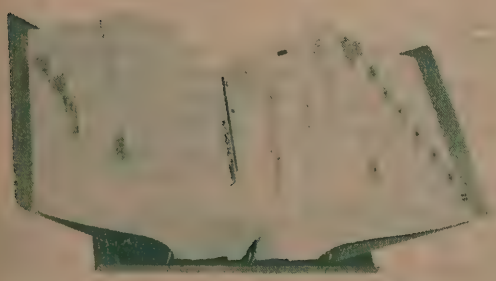
THE ELECTRONIC DISTRIBUTORS PRICING BIBLE...

NOW AVAILABLE TO YOU



Electronic Parts Distributors must keep up-to-date on prices for the components they sell to you. Since 1949, they have depended on the United Pricing Reports to keep them constantly up-dated with accurate up-to-the-minute pricing information.

You can eliminate time-consuming searches, telephone calls and letters through a subscription to this same indispensable service.

Your Pricing Report will be complete and current. Over 400,000 electronic components are listed. Individual pages are there for each of more than 600 manufacturers selling through electronic parts distributors. His products are listed in alpha-numerical order to facilitate your immediate locating of pricing information.

Twice weekly you'll receive a 4-page industry newsletter including a summary of price changes. With this are replacement pages, clearly indicating price increases, decreases, new products and discontinued items.

Save time. Save bother. Save money. Turn to United Pricing Reports when you need today's accurate price information.

To subscribe, or for further information, contact:

MANUFACTURERS' INDEX TO CATALOG PAGES BY eem PRODUCT SECTION NUMBER

THE FOLLOWING 43 eem PRODUCT SECTIONS MAKE UP UNITED TECHNICAL PUBLICATIONS' TIME-SAVING PRODUCT INFORMATION SYSTEM.

Section	Description	Page No.
1100	Amplifier Assemblies	1001
1300	Audio Equipment & Accessories	1010
1400	Enclosures/Packaging Systems	1022
1500	Capacitors (All Types)	1057
1600	Chemicals/Cleaners/Coatings/Materials	1290
1700	Circuit Boards & Assemblies/Breadboarding Kits	1295
1800	Coils & Chokes/Assemblies/Forms	1322
1900	Communications/Telemetering Equipment	1370
2000	Computing, Data Handling Equipment & Accessories	1381
2100	Connectors, Terminals, Sockets, etc.	1676
2200	Control Systems & Components	2256
2300	Crystals/Oscillators/Crystal Filters	2280
2350	Delay Lines	2379
2400	Panel Components (excluding Lighting & Displays)	2418
2450	Displays & Readouts (including Lamps & Lights)	2457
2500	Mechanical Components (Bearings, Cores, Magnets, etc.)	2552
2550	Environmental Test Equipment	2570
2600	Fans/Blowers/Cooling Equipment	2576
2700	Filters (excluding Crystal)	2610
2800	Hardware (Non-Current Carrying)	2660
2900	Instruments, Measuring & Test	2661
3000	Instruments, Graphic Recording	2838
3100	Insulators/Insulation	2847
3130	Integrated Circuits & Hybrids	2851
3400	Microwave Systems & Subsystems	2861
3450	Microwave Components & Accessories	2865
3500	Motor & Drives	3069
3700	Electro-Optical Components & Accessories	3132
4000	DC Power Sources	3150
4050	AC Power Sources	3354
4100	Production Equipment/Manufacturing Services	3408
4500	Relays & Solenoids	3411
4700	Resistors, Fixed	3626
4750	Resistors, Variable	3783
4800	Semiconductors	3919
4900	Servomechanisms	3974
5100	Switches/Keyboards/Protective Components	3978
5300	Thermocouples, Elements & Accessories	4270
5400	Tools (Hand & Power)/Soldering Supplies	4287
5500	Transducers	4298
5600	Transformers	4325
5700	Tubes & Tube Parts	4459
6000	Wire/Cable/Harnesses & Accessories	4464

HERE ARE THE MANUFACTURERS WHOSE CATALOG PAGES APPEAR IN EACH OF THE eem PRODUCT SECTIONS. TO LOCATE SPECIFIC PRODUCTS REFER TO THE PRODUCT INDEX AND DIRECTORY.

eem PRODUCT SECTION 1100

Amplifier Assemblies 1001-1009

- Amplifier Research Corp.
- Dynamics Div. Waugh Controls Corp.
- ENI
- Hope Electronics
- Ithaco, Inc.
- Preston Scientific, Inc.

eem PRODUCT SECTION 1300

Audio Equipment & Accessories 1010-1021

- Crown Industrial
- International Electro Magnetics, Inc.
- Lipps, Inc.
- Mallory Capacitor Co.
- Quam-Nichols Co.
- Star Micronics, Inc.

eem PRODUCT SECTION 1400

Enclosures/ Packaging Systems .. 1022-1056

- Airpax Electronics
- Amco Engineering Co.
- Bivar, Inc.
- Buckeye Stamping Co.
- Chassis-Trak Div. General Devices Co., Inc.
- Compac
- Environmental Container Systems, Inc.
- Equipto Electronics Corp.
- Formica Metal Products Co.
- Interlok
- La France
- Optima Scientific-Atlanta
- Premier Metal Products Co.
- Skydyne
- Stantron Div. Wyco Metal Products
- Techmar Corp.
- Unitrack Div. Calabro Plastics
- Vector Electronic Co.
- Vent-Rak Div. General Devices Co., Inc.

eem PRODUCT SECTION 1500

Capacitors (All Types) 1057-1289

- American Components, Inc.
- American Technical Ceramics
- Arco Electronics
- AVX Ceramics
- Axel Electronics, Inc.
- Capar Components Corp.
- Corning Glass Works
- Centre Engineering
- Cornell-Dubilier Electric Corp.
- Component Research Corp.
- Custom Electronics, Inc.
- Elpac
- F-Dyne Electronics Co.
- Fujitsu America, Inc.
- High Energy Corp.
- Illinois Capacitor, Inc.
- Iskra ISL Products Ltd.
- International Components Corp.
- ITT Components
- ITT Jennings
- Jackson Bros. (London) Ltd.
- Johanson Dielectrics
- Johanson Mfg.
- E. F. Johnson Co.
- Mallory Capacitor Co.
- Microplex
- Midwec
- Nytronics Components Group, Inc.
- Panasonic Electronic Components Div.
- PFC
- Republic Electronics Corp.
- Sangano Weston
- Semtech Corp.
- Soshin Electric Co., Ltd.
- Southern Electronics Co.
- Sprague Goodman
- Sprague Capacitors
- TRW Capacitors
- Union Carbide
- Varadyne Industries, Inc.
- Wesco Electrical Co.

eem PRODUCT SECTION 1600

Chemicals/Cleaners/Coatings/ Materials 1290-1294

- GC Electronics
- Hardman, Inc.
- Humiseal Div. Columbia Chase Corp.

eem PRODUCT SECTION 1700

Circuit Boards & Assemblies/ Forms 1295-1321

Applied Circuits, Inc.
Continental Specialties Corp.

PRODUCT INDEX AND DIRECTORY

All products are listed alphabetically. Under each product heading, manufacturers are listed alphabetically. Those manufacturers with product information in the catalog are shown in **bold face** type with page numbers. For catalog information on this product, refer to the page numbers shown. Where a **bold face** listing appears with an asterisk, the product is not catalogued in this edition. Those manufacturers who have submitted data to verify that they do manufacture this product but have no further data in this edition are shown in light face type.

NOTE: The letter "D" preceding the listing indicates the product is available from distributors. The letter "M" preceding the listing indicates the product is available to military specifications.

Abrasive Belts, Compounds, Cords, Powders, etc.
